SPOONFULS OF THANKS!

Today is Dairy Queen Miracle Treat Day! We celebrate YOU and the Miracles that you make possible, by offering each of you a voucher for a free Dairy Queen Blizzard! Your dedication to being mindful in all of your interactions has resulted in Children’s achieving 365 days without a serious safety event.

Although the vouchers are redeemable through Aug. 15, wherever possible we encourage you to redeem them today, Miracle Treat Day, because every Blizzard DQ served today results in a $1 donation to benefit Children’s patients. Visit MiracleTreatDay.com to find your nearest participating location.

Spoonfuls of thanks for keeping our patients safe!

PEDIATRIC RESIDENTS HONOR FACULTY

To build rapport and recognize their dedication to the program, the Pediatric Residency Program selects two faculty members every month for their contribution to the program and for taking the additional time to teach its residents. Each month, residents vote for one community and one academic faculty member who went above and beyond expectations to improve resident education.

June recipients are Chelsea Bloom Anderson, M.D., (Academic - Hospitalist) and Rachel McCann, M.D., (Community - Children’s Physicians, Val Verde). They will each receive a restaurant gift card. Congratulations, and thanks to these physicians for their commitment to the residency program and for working to improve the future physicians of our community.

JOIN CHILDREN’S WALK FOR EPILEPSY TEAM

On Saturday, Aug. 6, staff members from Children’s Neurology will join the 2016 Nebraska Walk for Epilepsy held at Turner Park in Midtown Crossing. The team encourages others to help raise awareness and advocate for Children’s patients with epilepsy by joining the event. The registration fee of $20 includes kid-friendly activities and a DJ. The walk begins at 8:30 a.m. Proceeds benefit Lifestyle Innovations for Epilepsy, Inc., a Nebraska non-profit that helps those with epilepsy improve their quality of life.
ELECTRONIC DEATH CERTIFICATES NOW REQUIRED

The Douglas County Health Department reminds us that as of July 21, all death certificates in the State of Nebraska are required to be filed electronically. This includes the medical/certifier portion of the record completed by the physician.

EPIC UPDATES

2015 Epic Upgrade
Remember to join your IT support and Provider Champs to play in the new system before it goes live. The sessions are held in Training Room B on LL3 in the hospital. Drop in anytime during the two dates and times listed below:
Friday, July 28, from 3 to 6 p.m.
Friday, Aug. 5, from noon to 3 p.m.

Inpatient enhancements in Epic 2015 include a Physician Checklist report to make it easier to determine if all documentation requirements have been met, and a new Charge Capture Preference List.

Epic 2015 Asks for Confirmation of Changes
Upholding the integrity of the patient’s EMR is, of course, one of our top priorities, and while mistakes occur, we are constantly creating ways to make them easier to catch. Coming in the new upgrade to Epic 2015, users will be warned each time they copy information from one patient’s chart to another. This serves as a reminder that these are two separate patient charts.
